May 23rd 1946.

Dear Miss Parlow,

It was kind of you to include us in your invitation for Sunday evening. We were out in the country with British Columbia friends and found it impossible to leave them.

I had particularly wished to come, as I knew the String Quartet would be gorgeous - and it was the first time too, that you had invited Dr. Graham and me. I am glad Lorraine saw you while she was in Toronto recently.

Once more, with thanks and regrets,
I am

Yours sincerely

Frederic S. Graham
